# What People Are Saying...

*Sri Kalki Soma Centers are located around the globe.  
Here are a few of the experiences reported from US & Canada.  
On April 15, the collective energy in San Diego  
and the 39 centers around the world  
will create a powerful Mega-Blast of Potent Healing Energy.*

*"I wanted to share a miracle I received. On October 20th, I had a pelvic ultrasound and it was discovered that I had two cysts on my left ovary and was informed that I may need to have that ovary removed. I was blessed to go to Taylor's home in La Jolla, CA to experience the Soma miracle happening there on November 19th and had a powerful soma experience. I didn't even think of the need for healing while I was there. I went back for a second ultrasound on December 15th and the cysts on the ovary are completely gone!!!! What a miracle!" ~ N.R.*

*"Very grateful for healing of insomnia after the Sacred Soma. Most of my sleep had been shallow and broken for a few weeks and had to take a strong sleeping medicine. Even with that if I woke up for any reason, sleep was again shallow and broken. Now even if I do wake up, I quickly get back into a deep sleep That is making a huge difference in my life. Sri Bhagavan did clearly tell me to continue with the pharmaceutical for now. I now clearly see Sri Bhagavan's Golden Feet in my heart chakra at all times when attention goes to that area. So beautiful. The Soma in my Sacred Chambers has also gotten stronger since attending Taylor's Soma Center. So grateful. Sri AmmaBhagavan Sharanam." ~ E.I.*

*"I never experienced anything like this. Just I felt...my self is so powerless, so I thought "wow there was something powerful from Bhagavan." When I see his eyes, I feel his body, not just the picture, really his existence that came. There was some strong inner and outer experience I had. I lost myself in a good way. There was a clinging in me and it has opened up a little bit. I could feel the whole universe was one, I felt all. Thanks so much for the amazing time." ~ K. Y.*

*"Reflecting back from my soma experience, which was weeks ago, I can still feel as though I am holding a seed of the Great Compassionate Light in my hand in the form of a soma powder. As soon as the soma landed on my palm there was a feeling of pure light and energized calm. The visual sense just kept openly observing this miracle in my hand. Upon ingesting the soma I was moved into states of great love, laughter, and bhakti. There was only an expanded state of oneness celebrating this miracle gift. No thoughts, no ideas... just exuberant celebration. A waterfall of gratitude seemed to be pouring fourth for Sri Amma Bhagavan's great gifts to us. We danced in bliss. The rest after was serene nourishment. I am so grateful to have received this sacred soma gift from Sri Kalki Amma Bhagavan and these loving people." ~M.M.*
